Dear Prospective Donor & Sponsor,

This letter introduces you to the CSRA Outreach Endowment INC. It also solicits your support for our 2017 Scholarship Funding Drive.

The CSRA Outreach Endowment INC is a 501(c) (3) Community Service Agency operating in the Central Savannah River Area (CSRA). The mission of the endowment is to provide the long-term flow of capital necessary to promote and enhance designated scholarships, schools, educational programs and services in the CSRA. We are in pursuit of quality education for low to moderate income high school seniors and college students on their journey to higher education. We also focus on quality education programs affecting youth. Our funding depends largely upon the donations of community-minded individuals, business and partnerships.

Each year our endowment proceeds are used to fund scholarships and other educational programs approved by the Board of Directors. Donors have the ability to designate funds for the growth of the endowment or for annual scholarship and support giving.

Please consider supporting this worthy cause by becoming a donor, a banquet sponsor or purchasing advertisement in our 2017 Annual Scholarship Banquet program. You can be assured that any assistance provided will be responsibly managed and will have an extraordinary impact on our ability to reward deserving recipients.

Please contact me at 803.467.6542 if I can assist you further.

Sincerely,

Richard K. Allen, Chairman
CSRA Outreach Endowment
Board of Directors
